Dear Sir:

Your letter of March 28th has been duly received.

The medals issued by this Society are for subscription by the members only, and are not sold outside of the membership unless there should be a surplus after the members are supplied.

I have a few of the Catholic medals left, and should you desire to obtain them could let you have one in silver for $10.00 or in bronze for $5.00, which is the regular subscription price.

Very truly yours,

Director.

Mr. P. J. McLaughlin,

Augusta, Ga.

Dear Sir:

I have been away for the last couple of months, hence the delay in replying to your letter regarding the Catholic medal.

This Society issues its medals for its members only and makes no profit from them, and never sends them out on approval, the terms on which members may subscribe are stated in the circular, one of which I enclose, , and I can only offer you the opportunity to obtain the medal, either silver or bronze, or both if you desire, at the same terms and under the same conditions as if you were a member, and I can only do this by subscribing for the medal, or medals, myself, as a member, and then turning it over to you, and I would not even do this were it not that the members seem to be pretty well supplied and we have a small surplus left.

Very truly yours,

Director.

Mr. P. J. Mc Laughlin,
513 Calhoun Street,
Augusta, Ga.

Dear Sir:

Your letter of July 29th, with P. O. order for $10.00, came to hand this mornong.

I have forwarded the silver Catholic medal, by registered mail, and hope it will reach you safely.

The commemorative Papal medals to which you refer are the medals issued at the Vatican, in Rome, each year, to commemorate some important event regarding the Catholic Church, they bear the head of the Pope and his year of offiec and various devices on the reverse, they have been issued regularly for a great many years, I presume the later ones can be obtained in Rome, but as all that the Society has have presented to it, I do not know of whom they can be purchased, we have the set complete from the accession of Pius IX and a considerable number before that time, with but a few exceptions our set is in silver, we have a few in bronze and one in gold, they are usually about 45 mm. in diameter.

Very truly yours,

Director.
